

Enrolment of students is the key indicator in the area of improvement in school education. Haryana (7.38) is at the top like it did in CAGR in number of schools, Punjab (5.87) and Bihar (5.25) completes the line-up for top three. Bottom three states in this line-up are Himachal Pradesh, Chhattisgarh and Tamil Nadu all posted negative CAGR which is surprising to say the least. CAGR for whole of India is 1.87 which shows the large disparity across states.
